We have pleasure to inform that the magna "The Homoeopathic Medical Association Of India" is going to organize its **13th All India Homoeopathic Congress at Patna on 1st and 2nd February 2003**. You may be aware that All India congress is organized by us every two year where large number of Homoeopaths of the country congregate. It is a rare occasion where all Homoeopaths feel proud to participate and share their experiences.

Patna has the distinction to host the congress for the second time and we are happy to announce that Dr. Ramjee Singh, President HMAI, Bihar State Branch has kindly accepted the challenge to be the Organizing Secretary of this great event.
